Why NOVO?

The most experienced team, In-House Research and Development, innovative technology, superb raw materials, we offer the best in every class:

Image Quality

Reliability

Ease of Use

Professional Support

Accessories

Lookout

Organic Detection, Live Audio and Video

The NOVO Lookout is a Lightweight, 3 in 1 accessory enabling the following capabilities.

Organic Detection

- Assists in identification of the content and nature of an inspected item by providing organic / inorganic detection
- A Colorized X-Ray Image is Automatically Displayed

Live Video

- Provides a Live Video stream of the inspected item
- The Camera switches automatically between day/night mode (Infra-red)
- Provides a Still Image that can be grabbed and used for analysis and documentation

Live Audio

- Provides a Live Audio stream of the inspected environment allowing the operator to hear the Golden's "clicks" in addition to monitoring the sounds in the surrounding area
- Controlled completely by the NOVO Touch Software
- Compatible with all Golden Engineering sources including the XRS4

Communication Cable

The communication cable provides reliable and fast data transmission between the various system parts.

- Power Over Line for unlimited operation when using an external power source (using the Control Box and Falcon II)
- Maximum of 300m wired operation range
- Lightweight, robust custom reel- connected to the case or as "stand-alone"
- Extension cables of 50m, 100m and 150m

Backpack Reel

Extension Reel

Pelican Reel

Additional Accessories

3D ARC

3D Imaging with exact X, Y, Z measurements

Folding Slider L

Ideal for screening large objects

Folding Slider XXL

Super sized, ideal for screening XXL objects

Eagle

Extremely long range wireless transceiver up to 3.3km (2 miles) LOS

Robot C-Arm

Detector and X-Ray Holder

Robot Detector Frame

Lightweight, shock absorbing

Wireless Super Ranger

Increases wireless distance and stability

Compatible with the XTK® Software

Advantage!
